Alexandria, VA 22313-1450

Sir:

**REQUEST FOR CERTIFICATE OF CORRECTION**

Pursuant to 35 U.S.C. § 254, and 37 C.F.R. § 1.322, this is a request for a Certificate of Correction in the above-identified patent. The mistake(s) identified in the appended Form resulted from an error made in good faith by patentee(s). A check in the amount of \$100 (the fee set forth in 37 C.F.R. § 1.20(a)) is attached. Should a check not be appended or should any additional fees be needed, authorization is hereby given to charge any fees due in connection with the filing of this request to Deposit Account 14-1270.

The specific nature of the correction requested herein is to include a reference to a prior-filed application U.S. Patent Application No. 10/034,375 (now U.S. Patent No. 6,690,387), of which the subject patent is a continuation. The subject patent resulted from U.S. Patent Application No. 10/736,938, filed on December 16, 2003, when the

prior application U.S. Patent Application No. 10/034,375, filed December 28, 2001, was pending. Priority to U.S. Patent Application No. 10/034,375 was claimed upon filing of U.S. Patent Application No. 10/736,938 on December 16, 2003, in Applicants UTILITY PATENT APPLICATION TRANSMITTAL, and was acknowledged in the Official Filing Receipts issued by the U.S. Patent and Trademark Office on March 25, 2004.

The U.S. Patent Application No. 10/736,938 and U.S. Patent Application No. 10/034,375 have the same inventors. Thus, the benefit claim of the subject patent to U.S. Patent Application No. 10/034,375 met the requirements of 37 CFR 1.78(a)(1).

It is clear from the record of the subject patent and the parent U.S. Patent Application No. 10/034,375 that the benefit claim is proper.

The complete Certificate of Correction involves one (1) page. Issuance of the Certificate of Correction containing the correction is earnestly requested.

Respectfully submitted,

Dated: January 28, 2011

By: /Edward W. Goodman/
